

Opensourcesafety is something special. It is like a free safety training school. It's a preserve for safety training, a place we can all go to learn to be safe. To keep it that way, we'll never run ads. We receive no government funds. We run on donations averaging about \$15. If opensourcesafety is useful to you, take a minute to keep it online another year. Please help us forget fundraising and get back to opensourcesafety.

ACCOUNT SETUP INSTRUCTIONS - ONE TIME EVENT

1. Create a training account by clicking "[Create new account](#)" link in the Home Page Login Box and filling out your information.

[NOTE: Email address required... if you do not have an email address use the instruction for the use of a Temporary email.]

2. Confirm your training account by opening your confirmation email & clicking (or copying link to IE address bar) in the confirmation email sent to your email address used when creating your account.

[Check SPAM folder if email is not in regular inbox]

If Confirmation email is not received or found contact CDP at cdp02@sbcglobal.net with name of trainee and we will manually confirm the training account .

ACCOUNT SETUP INSTRUCTIONS - ONE TIME EVENT
